

There was no board meeting in January due to Ice & Snow creating dangerous road conditions.

Librarian's Report
For January 6, 2025 Meeting

1. Hot Water Heater Update

Joe Deutschmann will look into getting an on-demand hot water heater for the sink in the meeting room. He will also look at the main hot water heater to see if it is working or if it isn't, what is wrong with it.

2. Window Washer

Holden Maher from Shiloh, Illinois, has given the library an estimate on monthly window washing.

3. Technology Grant Updates

I have quotes from SnapCom and CTS for a new phone system and computer wiring.

4. Digitizing Microfilm and Old Newsplainsdealer Newspapers

I am still waiting on more information about digitizing the library's microfilm and newspaper collection.

Respectfully submitted by Susan Colbert on January 6, 2025
